NOTICE

It is for the information of all the HODs that they are required to organize Parents Teachers Meeting (PTM) in their respective Departments in regular intervals. They are further requested to conduct a ^{PTM} meeting in the 2nd week of October-2023. To make the meeting a success they have to establish contacts with Parents through the students of their respective Departments. They can also contact parents over telephone by obtaining the parents' mobile numbers from their students. It needs a little motivation and persuasion to make the meeting a success. Conducting PTM in regular intervals has been made mandatory by the order of Higher Education Department. Hence, you all are requested to conduct PTM after a gap of every three months.

It is very urgent.
