NOTICE

No:

126/caw/23

Date: 5-5-2023

It is for the information of all the staff both teaching and non-teaching that you all are required to spare some time in the Computer Hub of the college during the summer vacation and also afterwards, and learn the skill to operate the computer which is badly necessary when NEP-2020 is implemented in the coming 2023- 2024 academic session. As we can not avoid the implementation of NEP which is technology based we have to keep ourself ready for the future education pulicy knocking at our door. The DEOs Sri P. Behera and Debasmita Mohanty will help us learn the computer skill everyday.

It is very very urgent and important.

Sincerely yours,

Prayank

Principal
